<b>TITLE</b>	Christ Church Annexation	<b>Board Meeting:</b>	12/08//05

---

<b>Location</b>	The site is located on the east side of the City of Auburn. The western boundary of the site abuts the City of Auburn at 116 <sup>th</sup> Avenue SE. The northern boundary is generally formed by SE 317 <sup>th</sup> Street (if extended). The eastern boundary of the Christ Church Annexation is generally formed by 118 <sup>th</sup> Place SE. The southern boundary is generally formed by SE 319 <sup>th</sup> Street (if extended).
<b>Land Area</b>	Approximately 5.41 acres (Two parcels)
<b>Land Use</b>	One single-family home.
<b>Population</b>	Three persons
<b>Total Assessed Valuation</b>	\$495,800
<b>County Comprehensive Plan Designation</b>	Residential Use
<b>County Zoning</b>	R-4SO (Approximately 4 single-family dwelling units per gross acre)
<b>City Comprehensive Plan</b>	Residential Low-Density
<b>City Zoning</b>	Residential – R-1 Single-Family Use (1 dwelling unit per acre)
<b>District Comprehensive Plan</b>	City of Auburn Comprehensive Water Plan and & Sewer District Plan
<b>District Franchise</b>	The proposed annexation does not require a franchise.
<b>Urban Growth Area (UGA)</b>	The site is located within the Urban Growth Area as identified under the State Growth Management Act, King County Comprehensive Plan and City of Auburn Comprehensive Plan
<b>SEPA Declaration</b>	The proposed annexation is exempt from SEPA pursuant to RCW 43.21C.222.

**King County:** Clerk of Council, Department of Assessments, Fire Marshal, Health Division, State Department of Ecology, Puget Sound Regional Council, Municipality of Metropolitan Seattle (Metro)

**Cities:** Not Applicable

**Fire Districts:** City of Auburn Fire Department; Mountain View Fire & Rescue District No. 44

**Water Districts:** City of Auburn Water Utilities; King County Water District No. 111; Covington Water District

**Sewer Districts:** City of Auburn Sewer Utilities

**School Districts:** Auburn School District No. 408

## **SUMMARY (File No. 2216)**

The City of Auburn proposes the annexation of approximately 5.41 acres of land, known as the Christ Church Annexation. This annexation was proposed under the 60% petition method, pursuant to RCW 35A.14. Auburn City Council adopted the petition for annexation in October of 2005.

The site is located on the east side of the City of Auburn. The western boundary of the site abuts the City of Auburn at 116<sup>th</sup> Avenue SE. The northern boundary is generally formed by SE 317<sup>th</sup> Street (if extended). The eastern boundary of the Christ Church Annexation is generally formed by 118<sup>th</sup> Place SE. The southern boundary is generally formed by SE 319<sup>th</sup> Street (if extended).

The unincorporated area is included in the "Annexation Element" of the City of Auburn Comprehensive Plan and is located within the Auburn Potential Annexation Area. The proposed action is consistent with City of Auburn Comprehensive Plan policies addressing annexation, including those provisions which call for inclusion of urban areas within the City and provision of services to incorporated areas (e.g., CE-2 and CE-3).

The Christ Church Annexation Area property owners are seeking annexation in order to develop properties under City of Auburn regulations and to receive public services (e.g., sewer services) from Auburn. Presently the Christ Church Annexation Area includes one single-family residence. Under City of Auburn regulations, the property could accommodate additional single-family dwellings at a density of one unit per acre.

The City of Auburn has planned for growth at this level of urban density and has established standards to guide ongoing uses and new development on the Christ Church properties following annexation. More specifically, the City of Auburn is prepared to provide development review and environmental review (e.g., critical areas protection; stormwater management) to the Annexation Area based upon local, regional and state regulations.

The City of Auburn can directly provide (or contract for) urban services to the area. More specifically, the City of Auburn will provide police services, fire services, and emergency management services to the Christ Church Area properties. The City will also provide for Christ Church properties to receive water service, sewer service, storm water management, solid waste management, and other basic services. City facilities and recreation facilities would be available to the community. Children would continue to attend schools in Auburn School District No. 408.

The City of Auburn reports that the proposed annexation conforms to the State Growth Management Act (36.70A. RCW). For example, the annexation is supported by RCW 36.70A.20, which requires community planning goals, for urban growth, services and infrastructure, and environmental preservation. Additionally, the application reportedly is consistent with RCW 36.70A.020 (1), encouraging development in urban areas where there are adequate public services. It is also consistent with RCW 36.70A.020 (12), which calls for public services to support permitted development. Annexation would also permit development of primary land uses and corollary public services (e.g., roadways) envisioned in the Act. Environmentally sensitive areas would also be protected under the provisions of this annexation.

Further, the Christ Church Annexation is reported to be consistent with the King County Comprehensive Plan. Following are examples of King County Comprehensive Plan/Countywide Planning Policies that are addressed by the proposed Christ Church Annexation:

FW-13: Cities are the appropriate providers of local urban services to Urban Areas.

LU-26: Urban growth shall be directed to urban areas where development can be accommodated and served.

LU-31: The County should identify urban development areas within the Urban Growth Area

LU-32: The County should encourage cities to annex territory within their designated potential annexation area.

LU-33: Land within a city's potential annexation area shall be developed according to local and regional growth phasing plans.

U-201: Annexations should be encouraged in Urban Growth Areas.

U-204: The County should support annexations that are consistent with Countywide Planning Policies and the State Growth Management Act.

U-304: Growth should be focused within city boundaries.

The proposed Christ Church Annexation is reportedly consistent with the provisions of RCW 36.93 (Boundary Review Board Regulations). For example, this annexation would be consistent with Objective 1, which calls for the preservation of neighborhoods. This area is linked to Auburn geographically and by social fabric (e.g., similar land uses and open spaces, shared sense of community). Similarly, the annexation would be consistent with Objective 2, which calls for the use of physical boundaries to demarcate an annexation area. Roadways and property lines establish boundaries for the Christ Church Annexation Area.

The Christ Church Annexation would also be consistent with Objective 3, which calls for creation of logical service areas. Local residents have petitioned for annexation in order that all services and land use regulations affecting their area may be efficiently coordinated by a single local government unit. The City of Auburn is prepared to govern and serve the area.

The proposed annexation is also reportedly consistent with Objectives 4-7, which call for the achievement of reasonable boundaries for a jurisdiction. While the proposed annexation is small in size, the area lies within the Auburn PAA and so this incorporation is consistent with City plans to govern and serve the area. This annexation would also be consistent with Objective 8, which calls for inclusion of urban areas within municipalities.

The City of Auburn has conducted fiscal analyses related to the proposed Christ Church Annexation. The City will have sufficient funds to serve the area at present development levels and at full development without a significant impact to the City with respect to cost of services and adequacy of services, financial structure, debt structure, or rights of other governmental units. Upon annexation, property owners will assume their share of the regular and special levy rate of the City for capital facilities and public services – e.g., replacement of current septic systems with sewer systems. Future capital needs and costs will be examined and funded through the Auburn Capital Investment Program.

The City of Auburn supports this annexation in order to serve citizens of the area. New residential development and coordinated services would benefit the greater Auburn community.

\*\*\*

At this time, the City of Auburn is seeking a waiver from review of the proposed annexation by the Boundary Review Board (pursuant to RCW 36.93.110/RCW 35.A.14.295). RCW 36.93.110/RCW 35.A.14.295 permit the Board to waive review if a proposed annexation is less than 10 acres in size and is valued at less than \$2 million. The Christ Church property is 5.41 acres and valued at \$495,800. The Boundary Review Board will be asked to consider the City of Auburn's request for a waiver at the Regular Meeting of December 08, 2005.
